WORK EXPERIENCE

Product Development Engineer 2 Phenom people pvt ltd

12/2020 - Present

Hyderabad

Working on/Tasks:

- **CMS** - A platform which is used to build career sites using various widgets. Worked on providing the settings to edit the content for the individual widgets.
- **ImageKit Integration**: Worked on loading LQIP images from ImageKit. Using intersection observer, replace LQIP images with proper images from ImageKit CDN. Also fallback to our own CDN in case image is not available with ImageKit.

Member of Technical Staff - Front end (3.6 Years)

Zoho corporation

06/2017 - 11/2020

chennai

Worked On/ Tasks

- Implemented the front end stack and released 3 Editions which include the tax related settings and transaction level tax management which are necessary to be Tax compliant in Gulf countries in Zoho Books application.
- **PayTabs Integration** - Implemented the front end stack required for PayTabs (a payment gateway) Integration in Zoho Finance apps.
- **Kalki** - Implemented a tool to get the Browser and Device usage statistics of Zoho Finance applications using Node.js and React.js.
- Worked on static websites for multiple editions of Zoho Books. Also took initiative for successfully optimizing CSS by removing the overly complicated dependency of css files across the website.
